### ACCOMMODATIONS

Guest Houses selected for use by the Summit are small facilities located in communities accessible to the Conference Center. These Guest Houses are used primarily by missionaries and staff of small Non-Governmental Organizations. They are known and used by some of the staff associated with the Summit. Guest Houses typically serve as fund-raisers for the missions or orphanages that operate them. The accommodations are clean, safe, pleasant, provide buffet-style breakfast and dinner, and usually have broadband Internet access. They also are very modest – with dormitory- style sleeping accommodations and shared bathrooms.

### TRANSPORTATION

Group transportation to-and-from (1) the airport, (2) all sessions of the Summit, and (3) the Presidential Gala is included in the price for the Guest Houses.

### ASSIGNMENTS

All assignments to Guest Houses will be made by the Summit's Guest House committee. Your assignment to a Guest House will not be made until shortly before the Summit so that the committee can schedule accommodations and transportation efficiently. (If you have previously stayed in Guest Houses in Haiti and wish to state a preference for a particular
